Collezione di divani disponibili in due profondità (medium e large) interamente sfoderabili con cuciture "Pizzicotto", tranne nella versione in pelle, che viene realizzata in "Costa Viva". Su richiesta, la versione in pelle può essere realizzata anche con cuciture Pizzicotto.

Struttura: in legno imbottito in poliuretano espanso indeformabile rivestito con trapuntino in piuma d'oca (Assopiuma) lavata e sterilizzata secondo le norme RAL.

Seduta: in poliuretano espanso indeformabile rivestito con trapuntino in piuma d'oca (Assopiuma) lavata e sterilizzata secondo le norme RAL. La versione Large è dotata di cuscini aggiuntivi per dare maggior comfort.

Piedini: in metallo verniciato color brunito. A richiesta in metallo verniciato color rame oppure metallo cromo nero. Il divano ha un aspetto morbido e vissuto che con il tempo si accentuerà. La leggera ondulazione della fodera deve essere considerata assolutamente normale.

Il modello è dotato di piedini centrali di sicurezza. Grazie alla sua struttura ricoperta in piuma, questo modello ha delle caratteristiche di morbidezza che con l'uso vengono accentuate. La formazione di eventuali avvallamenti nell'imbottitura e di pieghe nel tessuto è assolutamente normale e non può essere motivo di reclamo, in quanto dovuti all'imbottitura sotto la fodera, che viene trapuntata per evitare accumuli di piuma e per far sì che la stessa rimanga distribuita in modo omogeneo (vedere foto). Si consiglia di sprimacciare l'imbottitura per ravvivarla.

Collection of sofas available in two different depths (medium and large) with fully removable cover with "Pizzicotto" sewings, except the version in leather, which is made with "Costa Viva" finishing. On request, the cover in leather can be realized also with Pizzicotto sewing.

Frame: in wood padded with non-deformable polyurethane foam covered with quilt in goose feathers (Assopiuma) washed and sterilized according to RAL standards.

Seat: in non-deformable polyurethane foam covered with quilt in goose feathers (Assopiuma) washed and sterilized according to RAL standards. The Large version includes some small cushions to give the model more comfort.

Feet: in metal burnished painted. On request in metal copper painted or in metal black chrome.

The sofa has a soft and lived look which will be accentuated with everyday use. A light waviness of the cover must be considered absolutely normal. The model is provided with central security feet.

Thanks to its structure covered with feathers, this item has characteristics of softness that, with the utilization, will be accentuated. The building of hollows in the upholstery and of waviness in the cover is absolutely normal and cannot be accepted as complaint, as they are due to the presence of quilting to avoid accumulation of feathers and to enable to keep them distributed in homogeneous way (see picture). We advise to shake up the upholstery to revitalize it.
