

LISSONI SOFA™

The Lissoni Sofa™ by the Italian designer Piero Lissoni is a sophisticated and contemporary sofa using an international design language. The sofa is a prime example of Piero Lissoni's design principle: never to design for a specific function or purpose - but to design for human beings. You also sense his great admiration for the designs of Poul Kjaerholm and Arne Jacobsen and their ability to be ahead of time.

PRODUCT DESCRIPTION

The clear horizontal and vertical lines that are very obvious in the contours of the base and comfortable cushions, characterize the Lissoni Sofa™, which is available as a 2- or 3-seater sofa. The sofa comes fully upholstered in fabric or leather. The seat and back cushion cover are detachable and the cushion filling consists of ball fibre and feathers. The base of the sofa is made with nozak springs. The Lissoni Sofa rests on a matt polished stainless steel frame with opal plastic glides.

PIERO LISSONI 1956-

Italian Piero Lissoni is a well-known designer and architect with a degree from the Polytechnico of Milan. In 1986 Lissoni founded the Studio Lissoni. Since then Piero Lissoni has worked with a formidable list of design brands on a wide diversity of designs of furniture and lighting.

Lissoni's projects are often total concepts, i.e. full-scale interiors and architecture of hotels, offices and showrooms, yachts and private homes. He's inspired by many different elements and also by designers such as Danish Arne Jacobsen and Poul Kjærholm. Piero Lissoni's creative principle is never to design for a specific function or purpose - but to design for human beings.

For Fritz Hansen Piero Lissoni has designed the Lissoni Sofa™ and the Alphabet Sofa™ Series, a modular sofa series. As Lissoni puts it: "Generally, things become boring if they are too static and immobile. Beauty lies in imperfection..." and "...each sofa element can be seen as a letter in an alphabet. It is then up to the individual to put together the letters to form a word".
