SUSPENCE™ COPPER
DESIGNED BY GAMFRATESI

FEEL THE COMPELLING PRESENCE OF THE ELEGANT SUSPENCE™ COPPER

The new SUSPENCE™ Copper adds a warm and exclusive expression to the already highly acknowledged line of SUSPENCE™ pendants in white, light grey and black. Because beauty comes in many colours.

SUSPENCE™ COPPER

SUSPENCE™ Copper not only lights up a dark corner, the dining table, or in the kitchen, but also beautify your entire room with its elegant presence.

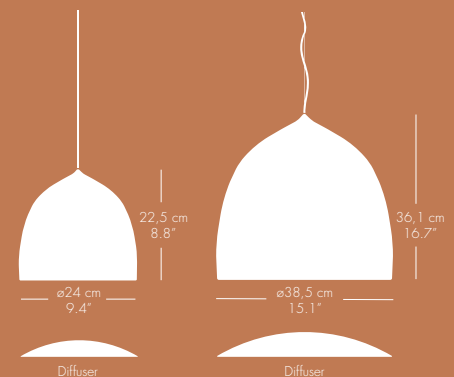

The elegance of SUSPENCE™ Copper is inspired by a visual translation of a movement into a physical shape. A movement created by pulling, which gives the pendant its organic and soft curve. To complete the warmth and elegance of SUSPENCE™ Copper, an infinity diffuser at the bottom of the pendant prevents glare and contributes to creating the most comfortable lighting for everyone in its presence.

Enjoy timeless lighting, beauty and elegance with SUSPENCE™ Copper.

WITH ITS SOFT CURVES AND WARM PRESENCE, SUSPENCE™ COPPER IS A DELICATE PIECE OF ART TOUCHING ROOMS, BUT MOST IMPORTANTLY HUMANS. AND TO ME, THAT IS WHAT DESIGNING IS ALL ABOUT.

Designer Enrico Fratesi
