

WAVE DESK ORGANISER

ORDERLY AMBITIONS

The playful, rolling form of Fritz Hansen's new desk tidy holds the potential to streamline clutter in the most playful of ways.

PRODUCT DESCRIPTION

Shaped from a single piece of steel, carefully formed into undulating folds, Fritz Hansen's desk organiser demonstrates the enduring power of simple, functional design. This modern iteration of the classic desk tidy is equally at home on an office desk or kitchen counter. The deep back pocket is perfect for placing letters and important documents; the central fold comfortably holds a tablet; and the catch-all front tray is ideal for small items or pens.

DESIGN

Hiromichi Konno, 2019

HIROMICHI KONNO (1972-)

The work of designer Hiromichi Konno is characterised by an inherent Japanese minimalism paired with a tongue-in-cheek expression, resulting in objects that are simple, sincere and surprising. Hiromichi Konno has also designed the RIN™ chair for Fritz Hansen.

DIMENSIONS

THE MATERIALS

Shaped into characteristic folds from soft coated sheet steel, the desk organizer is finished with a layer of black leather, lending durability and a tactile finish to the design.
