

IL LOFT / COLLECTION / SOFAS / ACTION ESECUZIONE SPECIALE

## Action Esecuzione Speciale

Action is the new seating system designed for Il Loft spa by Bestetti Associati. An innovative technology that blends with the innate simplicity. Action is a game of invisible forces as it has no fixed backrests or armrests so the sofa and its seating options can be configured however you desire. The special bolster cushion can be changed and transformed to whichever configuration you need. Enjoy the comfort of a traditional sofa by simply resting the back cushion against the bolster. With these elements, you can create new seating solutions that are always original and active and change to suit your needs. Action is packed with character yet is always ever-changing. Just like today's dynamic, modern lifestyle. Small tables revolve around the sofa and can be moved like satellites in the surrounding space.
