

IL LOFT / COLLECTION / SOFAS / FLY

Fly

Two- or three-seater linear upholstered sofa and compositions with footrest at the right and left ends, and supple, fluent shapes. The large, enveloping back has an arched, convex profile and the back-support cushion rests against it; the seat, which is gently curved, expands onto ample cushions. A single end, either left or right, completes the sofa: the lengthened seat is contained by a deep, hollowed back, almost like a deckchair. The paw-like legs lift it up off the ground and make the whole of the fitted units light: the seat, the back and the arms. The supporting structure is in steel, the padding is polyurethane and the covers are made of fabrics, leather and microfibre from our collection.
