

Lovy bed

Sergio Bicego

The bed stands out for its unusual headboard that performs a double function, serving at the same time as a welcoming element and a useful countertop. In an aesthetic contrast with the essential bed frame and available in a variety of fabric and colour finishes, the headboard differentiates the models of the series, which also include Lovy bed ego (quilted headboard with a rhombus pattern), Lovy bed plus (tufted headboard), Lovy bed hi (high headboard).
