# SALES AND DELIVERY TERMS

## PRICES

All prices are in EUR. Recommended Retail Prices include VAT and are Ex works (EXW). Cost price excludes VAT. This price list is valid from 01.02.2020 and replaces all previously published price lists. The prices may be subject to alteration at any time without prior notice. Reservation is made for any errors and omissions.

## DELIVERY TIME

Delivery time for standard items varies from product to product. Standard lighting products in stock will be shipped within 5 working days. Delivery time for special products and larger orders is handled case by case and depends on stock status.

## CLAIMS

Please inspect all deliveries upon receipt and check if the correct product and quantity have been delivered with no faults present. All claims should be sent to [claims@norr11.com](mailto:claims@norr11.com) within 3 days of receipt. Please include the original order number along with images showing clearly the defect and the serial number of the product.

In case of transport damage and the boxes are visibly damaged please inspect the delivery immediately and notify the freight forwarder in writing on the delivery note. Claim must then be filed with [claims@norr11.com](mailto:claims@norr11.com) and the forwarder within 2 working days of receipt.

Return of products can only be accepted with a written agreement prior to sending back the goods. Unless otherwise agreed the buyer bears the cost and risk of products returned.

# TERMS & CONDITIONS

The terms and conditions are to be considered as a juridical cooperation contract between NORR11 International ApS and the wholesale cooperation partner (the buyer) and valid in general; particular clauses can be redefined or excluded by a separate contract in specific.

## 1. Validity, existence of the contract

**1.1** The following terms and conditions apply exclusively to all business relations between NORR11 International ApS (the company), and wholesale partner (the buyer) at the time and date of when the order has been placed.

**1.2** The Buyer cannot use different conditions other than the conditions that are stated, even if the Company does not explicitly object. Particular clauses can be changed in special cases by a separate contract between the Company and the Buyer before the order is placed.

**1.3** b2b.norr11.com does apply as an online ordering system for NORR11 wholesale partners (the Buyer) and is not to be considered as an online shop. This is defined by differing prices, conditions and intention in comparison to the regular online shop.

**1.4** NORR11 assigns access to the ordering system upon confirmation of a wholesale cooperation with the Buyer. Beginning and ending of the cooperation contract is defined by the granting, respectively closing of the Buyer's access to the ordering system. A purchase contract with the Company comes into effect when the order (or part-order) has been confirmed with an order confirmation (OC) or invoiced.

## 2. Changes of the ordered goods

**2.1** Customary and reasonable variations in the colour or in the dimensions are not considered as a defect.

**2.2** NORR11 reserves the right to make any changes to a product's design that is found by the company to be necessary or appropriate.

## 3. Price, payment and shipping terms

**3.1** The online ordering system stated prices exclude VAT and shipping costs.

**3.2** The amount of the order prepayment must be paid upon receipt. Orders will only be processed upon full payment of the order prepayment. An order may be divided in several parts and invoices, depending on product availability.

**3.3** The Buyer can apply for payment terms of 30 days. The payment terms and credit limit depend on confirmation of the Company and the approval from the credit insurance. An overdue payment on an allocated payment term will result in a temporary closure of the credit line.

The Buyer accepts that the Company will transfer debt cases, including all related data, to a third-party enactment partner.

**3.4** The Company reserves the right of the ownership of the goods until the Buyer has made a full payment of the purchase price and related extra costs.

**3.5** In case of a part payment agreement between the Company and the Buyer, the following will apply: If the outstanding balance of the purchase is not paid within 4 weeks of the receipt of the goods in the Company's warehouse, the agreement is not valid. The deposit paid to the Company by the Buyer covers all suspension, storage and delivery costs.

**3.6** Goods are not carried by the Company. Unless otherwise specified by the Buyer, the goods will be given to a forwarding company for transport, on behalf of the Buyer. Shipping costs are invoiced separately, depending on the shipments measurements and weight, the forwarder daily rates and conditions. The Company is committed to always choose the most reasonable/efficient offer. Note: deliveries are made curbside. Installation and packaging removal is not included.

**3.7** Shipments have to be checked and matched with the enclosed delivery note by receipt. Missing items have to be reported immediately to the Company. Subsequent reports of missing items will not be considered.

**3.8.** Wholesale partners are generally excluded from special sales campaigns. Discounts cannot be combined.

## 4. Delays

The estimated time of delivery date may be subject to change. If the Company is not able to meet the agreed deadline, the Buyer is entitled to request information about this and the Company must inform the Buyer. The Company is not responsible for delays due to unaccountable disturbances in its business operations or inconvenience from the suppliers, especially strikes, lawful lockouts and force majeure which prolong the delivery time to the length of the interference. In such cases the Buyer is entitled to withdraw from agreed services only after a written agreed reasonable grace period has expired. The legal right to demand compensation remains intact.

## 5. Liability

**5.1** The Company is not liable for any loss caused by delay in delivery, defects or other breach of contract, unless the loss is due to gross negligence on the part of NORR11

**5.2.** The Company is not liable for any indirect loss, such as loss of profits, operating loss, loss of goodwill, loss of Buyers, current expenses or any other financial consequential loss.

## 6. Transfer of risk

The transfer of risk takes effect when the goods are handed over to the buyer or the responsible carrier.

## 7. Claims

The Buyer is entitled to make legal claims. The warranty claim does not apply to damages which are in responsibility of the Buyer, such as damage caused by normal use (wear and tear), improper handling, temperature, weather conditions and so on. Claims due to transportation damages have to be reported immediately, both to the Company and to the involved forwarder.

## 8. Guarantee

The Company grants a guarantee period of two years on all products. If a product becomes defective due to a material – or production error during this period, the Company will replace the part of the product which is defect or the whole product. The power of decision lays with the Company.

## 9. Copy

NORR11 accepts no responsibility for typographical errors in prices, text and measurements which may be updated from time to time.

## 10. Place of fulfilment

**10.1** The sale and conveyance of the goods to the Buyer takes place in Germany.

**10.2** As "showroom" designated exhibition rooms serve only for illustration and exhibition of the Company products, the purchase of goods takes place exclusively via the Company's wholesale online ordering system. The contractor is always the Company, even if the order is placed in localities of partner companies, such as 'showrooms'.

## 11. Final Provisions

**11.1** Personal data are only used to process the Buyers order correctly.

**11.2** The place of fulfilment is in Germany.

**11.3** The law of the State of Denmark is the applicable law, under exclusion of the UN sales Convention (CISG). Place of jurisdiction is Copenhagen, Denmark.
