As extraordinary as a perfect shell sparkling in the sand, this distinctive console reflects the interplay of man and the environment. Its four stunning, shaped doors feature an extraordinary matched radiating pattern of Capiz shells that stretches out like rays from the sun. Its Capiz shell exterior is tinted in a warm golden brown and complemented by the rich Dappled mink finish accentuating its timeless silhouette. Distinctive hardware featuring an abalone inlay encased in acrylic and glass and finished in Champagne Reflections adds to its allure. Look behind each door and find an adjustable shelf and wire management for added functionality. A Warm Reflections finish adds luster to its legs, trim and interior.
