For those who love a little Hollywood regency glam, you'll fall hard for our insanely glamorous bed with an eye-catching, honeycomb-inspired headboard. It's the perfect combination of modern design, luxurious upholstery and a little luster. Upholstered in an oh-so-soft velvet, the bed's headboard, with its rounded corners, almost appears to float above the fully upholstered platform. A thin band of silver leaf in our signature Oracle finish defines the headboard and the bed's inset base. It's simply a stunning bed that will leave you feeling like you're floating on a cloud!
