Say goodnight to each day with style in this glamorous sleigh bed. Its grand presence is created by an exquisitely upholstered headboard featuring a tall diamond tuft-pattern tufted with glass buttons. Covered in an elegant performance fabric, it's destined to always look new. A curved footboard adds another layer of luxury to the room and is crafted with a stunning Koto veneer in a radiating fan pattern highlighted by a Winter Wheat finish. Its curved feet and trim add a hint of glimmer and feature a shade of Warm Reflections. Together, the resulting look is distinctively chic.
